

STONE PRO

POROUS PRO

Impregnating NanoSealer for Porous Stone

StonePro's proprietary formula provides unsurpassed protection and is backed with our 25 Year Warranty. Porous Pro has a larger molecular structure that allows it to protect hard to seal porous surfaces such as **TRAVERTINE, LIMESTONE & MARBLE**.

Porous Pro Sealer falls well below the VOC limits of every district, city, county, state and country. With this unique solvent technology, StonePro provides the same penetration and protection of those with excessive levels of VOCs without the smell, hazard or liability and it is available in quantities that match the size of any job.

For Use On:

travertine, limestone, marble & grout

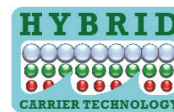

Available Sizes:

pint, quart, gallon, 5 gallon & 55 gallon

Coverage:

800 - 1,000 sq. ft. per gallon

Coverage will vary based on the porosity & texture of the surface

PRODUCT FEATURES:

- Advanced Fluoropolymer Technology
- Protects against oil and water borne stains
- Leaves no greasy film or residue
- Will not change color or appearance of the treated surface
- Safe for food preparation surfaces

ADVANTAGES:

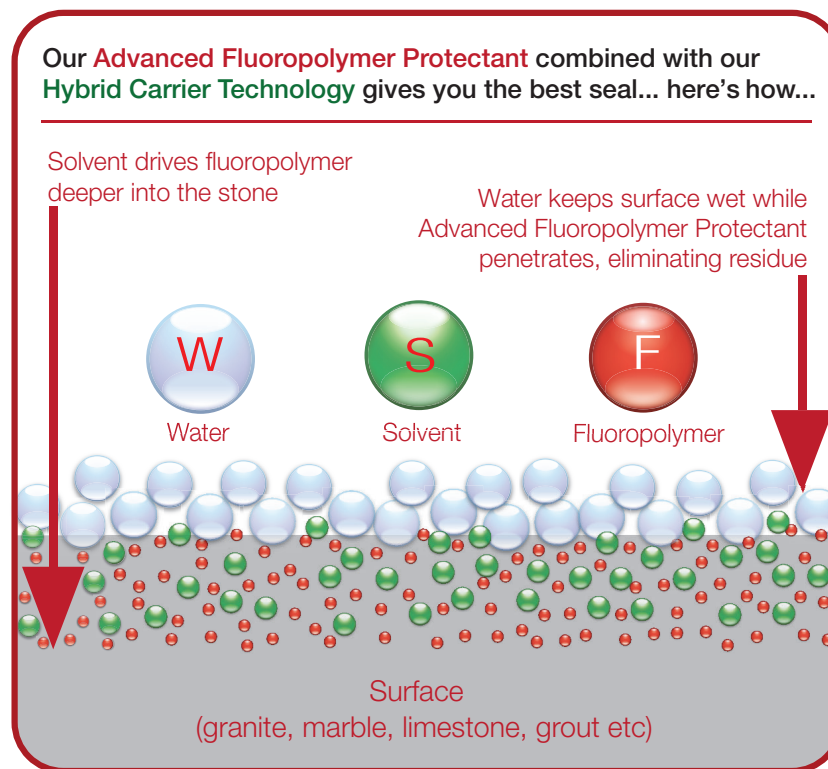

- 25 Year Warranty
- Non-Toxic solvent-based Hybrid Carrier Technology
- Available in any size up-to 55 gallon drum
- Quick and easy to apply - fast cure time
- Non-Flammable

Application Instructions:

- 1) Make sure surface is clean, dry, free of debris, waxes and/or coatings.
- 2) Liberally apply an even coat to the surface. Sealer should be spread evenly over surface to ensure proper penetration.
- 3) Allow sealer to penetrate the surface for 3-5 minutes. Surface should remain wet for a minimum of 3 minutes.
- 4) After 3 minutes, examine the surface and reapply where surface no longer appears wet on the surface.
- 5) After 5 minutes, wipe the surface dry and remove all excess sealer residue using a dry microfiber cloth.
- 6) Surface is suitable for use after 20 minutes. Achieves a full cure and repellency in 72 hours.

HOW IT WORKS

Innovative Hybrid Carrier Technology yields a unique solvent-based sealer that offers the highest level of protection and is V.O.C. compliant world-wide.

Architects, Spec Writers, Contractors and Property Owners alike are all looking for the same thing, a sealer that will provide the best protection and safe to use.

They find that solution with **StonePro**.
