Application Instructions:

- 1) Pour Deep Clean into a bucket or spray bottle and dilute as needed based on suggested dilution ratios.
- 2) Apply using a clean microfiber cloth, grout brush, mop or sponge.
- 3) Apply to surface and lightly agitate.
- 4) Let dwell 2 - 4 minutes. Don not let dry.
- 5) Rinse, vacuum or power-wash to remove dirty residue.
- 6) Rinse clean. Repeat until desired results are achieved and surface is clean.

NOTE: Improper dilution will minimize the effectiveness of this product.
