

# STONE PRO

## FORMULA 51

### Non-Acidic Intensive Cleaner

Formula 51 is a high pH heavy-duty alkaline degreaser and stain remover that safely removes most acrylic, wax and lacquer coatings and finishes.

Will not affect the finish of polished stone. Formula 51 also works great for removing oil stains and soils from porous surfaces such as concrete.

This PROFESSIONAL STRENGTH, HIGHLY CONCENTRATED cleaner has a dilution rate of 9 to 1 - 8X the industry standard.

#### For Use On:

marble, travertine, concrete, masonry, pavers, ceramic tile and grout, porcelain and most natural stone.

#### Available Sizes:

quart, gallon, 5 gallon & 55 gallon

#### Coverage:

Up - to 6,000 sq. ft. per gallon based on dilution rate  
Coverage will vary based on the porosity & texture of the surface

C-F51Q, C-F51G, C-F515G, C-F5155G

### PRODUCT FEATURES:

- Non-Acidic
- Professional strength
- Dissolves grease and dirt
- Will not harm polished stone surfaces

- Highly concentrated formula - 9 to 1 dilution rate

## Application Instructions:

- 1) Pour Deep Clean into a bucket or spray bottle and dilute as needed based on suggested dilution ratios.
- 2) Apply using a clean microfiber cloth, grout brush, mop or sponge.
- 3) Apply to surface and lightly agitate.
- 4) Let dwell 2 - 4 minutes. Don not let dry.
- 5) Rinse, vacuum or power-wash to remove dirty residue.
- 6) Rinse clean. Repeat until desired results are achieved and surface is clean.

NOTE: Improper dilution will minimize the effectiveness of this product.
