Coverage:

300 - 600 sq. ft. per quart

Coverage will vary based on the density and texture of the surface

PRODUCT FEATURES:

- Makes cleaning wasy
- Keeps grout looking new longer
- Will not discolor grout
- Interior / Extertiour Use
- Easy to apply

Application Instructions:

- 1) Make sure surface is clean, dry, free of debris, waxes and/or coatings.
- 2) Liberally apply an even coat to the surface. Sealer should be spread evenly over surface to ensure proper penetration.
- 3) Allow sealer to penetrate the surface for 2 - 4 minutes. Surface should remain wet for a minimum 4 to 5 minutes
- 4) After 5 minutes, examine the surface and reapply where surface no longer appears wet on the surface.
- 5) After 5 minutes, wipe the surface dry and remove all excess sealer residue using a dry microfiber cloth or a lint-free cloth.
- 6) Very porous grout may require a second application for maximum protection.
- 7) Surface is suitable for use after 20 minutes. Achieves a full cure and repellency. in 72 hours.
