

SMARTKLEAN **L**

LITHIUM FORTIFIED DAILY CLEANER FOR CONCRETE FLOORS

PRODUCT OVERVIEW

SMARTKLEAN L is a cleaner specially designed to maintain concrete floors that have been treated with lithium-silicate densifying/hardening products.

Concentrated formula is designed for use with automatic floor scrubbers.

The specialized blend of degreasers and detergents removes most common soiling found on concrete floors. Ideal for use on concrete floors everywhere, from warehouses, stores, hospitals, restaurants and more.

TECHNICAL DATA

FORM	Clear liquid with solvent odor
SPECIFIC GRAVITY	.98 @ 60°F
pH	10.0
WT/GAL	Not available
ACTIVE CONTENT	Not applicable
TOTAL SOLIDS	Not applicable
VOC CONTENT	.5 g/l diluted 40:1
FLASH POINT	>250 F
FREEZE POINT	Not available
SHELF LIFE	Not available

ADVANTAGES

- **Highly concentrated formula for economy of storage and transport**
- **Flexible dilution for both surface and deep cleaning**
- **Lithium-Silicate hardener/densifier to help maintain concrete hardness**
- **Excellent cleaner and degreaser**
- **No rinsing needed for routine cleaning**
- **Ideal for use with auto scrubbers**
- **Available in convenient and cost effective 1 gallon and 5 gallon containers**

LIMITATIONS

- May not remove some embedded stains
- Seller offers no warranties, expressed or implied, for any particular purpose which extend beyond or within description and/or limitations pertaining to this product. Persons testing for desired results and effects to determine suitability of this product performance, for any intended or unintended purpose shall be solely responsible for any unforeseen outcome related to this product.

REGULATORY COMPLIANCE

V.O.C: .5 g/l diluted 40:1

FIRST AID

Skin: If comes in contact with skin, it may cause irritation. Quickly wash with soap and water.

Eyes: If product gets in eyes, quickly flush with water for 15 minutes. Seek medical attention if irritation persists.

Ingestion: Do not swallow, may be harmful. Seek medical attention immediately.

Inhalation: Remove to fresh air. Seek medical attention immediately if problems continue.

WARRANTY

All instructions are considered guides and should not be considered complete. In the event of failure, the only obligation of Stone Pro's shall be to replace products proven to be defective. Before using, user shall determine the suitability of product for their intended use. User assumes all risks and liability whatsoever in connection therein. Neither seller nor manufacturer shall be liable for any injury or inability to use this product.

SMARTKLEAN **L**

ALWAYS TEST

ALWAYS TEST a small area of each surface to determine suitability and desired results prior to starting the overall application. Test with the same equipment, recommended surface preparation and application procedures planned for general application.

PREPARATION

Sweep or vacuum loose materials and debris from the surface to be cleaned.

EQUIPMENT

This product is specially concentrated for use with an automatic floor scrubber.

Use soft brushes / soft pads. Never use aggressive brushes or pads on polished concrete.

Surface and Air Temperatures

Cleaning effectiveness is reduced when surface and air temperatures fall below 50°F (10°C).

Do not apply at temperatures below 40°F (4°C).

APPLICATION

ALWAYS TEST for suitability, dilution rates and desired results before overall application. Let test area thoroughly dry before inspection.

DILUTION

Dilute 8 ounces of SMARTKLEAN L per every 30 gallons of fresh water.

APPLICATION INSTRUCTIONS

1. Apply with an automatic floor scrubber.
2. For routine cleaning, rinsing the concrete floor is not necessary. Vacuum up spent cleaner and dissolved contaminants with automatic floor scrubber.
3. Buff the clean floor with a white pad to increase the shine

CLEANUP

Clean tools and equipment using fresh water.

BEST PRACTICES

For spot cleaning heavily soiled areas, begin testing SMARTKLEAN L at a dilution of 1 ounce of cleaner to 1 gallon of fresh water.

DO NOT use dilutions stronger than 1-ounce cleaner concentrate to 1-gallon of fresh water. Always use the mildest effective dilution possible.

Use soft brushes / soft pads with auto scrubbers. Never use aggressive brushes or pads on polished concrete.

Use SMARTKLEAN L as part of a comprehensive maintenance program and regular deep cleaning at least once a week.
